

Notice of Study Completion
Class Environmental Assessment & Transportation Study
For County Transportation Network in the General Area of
the Peterborough Airport

The County of Peterborough has completed an Environmental Assessment (EA) and transportation study for the County Transportation Network in the General Area of the Peterborough Airport. Airport Road (County Road 11) has been closed in the vicinity of the airport in order to facilitate expansion of the airport infrastructure (runway extension). This study has recommended that Airport Road be reopened, constructed east of the new runway as a 2-lane roadway with the provision for a 26 m right-of-way.

The study recommendations are documented in an Environmental Study Report (ESR) that is now available for public review. The ESR describes the purpose, rationale, recommended plan, and mitigation measures for the Study. This project followed the process for a Schedule "C" project in accordance with the *Municipal Class Environmental Assessment (2007)*.

Copies of the Environmental Study Report (ESR) are available for public review at the following locations:

If concerns regarding this project cannot be resolved in discussion with the County, a person/party may request that the Minister of Environment make an order for the project to comply with Part II of the Environmental Assessment Act (referred to as a Part II Order). This request must be received by the Minister (at the address noted below) prior to **November 25, 2011**. A copy of the request must also be sent to the County, at the address noted above. If there are no requests received within the 30-day review period, the project will receive environmental clearance. Subsequently, the project may proceed to design and construction, dependent on available funding.
